

SOWEENA®

LITTER LIFE™

"the ideal replacement for sow's milk"

Increase your litter livability.

LITTER LIFE pig milk replacer combines milk proteins with animal plasma and animal fat. LITTER LIFE is now also formulated with De-Odorase™ - the urease inhibitor. LITTER LIFE is university and commercially tested to ensure proven results and assist producers in weaning more pigs per litter.

If pigs won't consume their diet, or fully utilize the nutrients in their diet, a lag in performance or even death can occur. Research shows that baby pigs' digestive enzyme activity will allow easy digestion of lactose and fat. LITTER LIFE is digestible and palatable!

FEATURES:

- ***Specially Formulated*** - with animal plasma.
- ***Contains a Urease Inhibitor*** - helps to reduce odor and ammonia emissions.
- ***Evens the Litter*** - the smallest pigs have an available milk source, even in a large litter.
- ***Reduces Mortality*** - pigs feed often to overcome low energy reserves.
- ***Faster Gains*** - every pound of gain achieved in early life is magnified as pigs get older.
- ***Palatability*** - pigs like the taste and readily consume LITTER LIFE.
- ***Earlier Weaning*** - bigger, healthier pigs can be weaned earlier.
- ***Superior Feed Efficiency*** - expect one pound of gain for every pound consumed.
- ***Warm Water Mixing*** - processed to mix and stay in solution.
- ***Stays Fresh . . . Won't Sour*** - unique processing of milk proteins provides greater stability between feedings.

MEDICATED

Medicated as an aid in maintenance of weight gains and feed consumption in the presence of atrophic rhinitis and as an aid in the treatment of bacterial enteritis.

ACTIVE DRUG INGREDIENTS

140 grams per ton Neomycin Base
(200 grams per ton Neomycin Sulfate)
70 grams per ton Oxytetracycline

GUARANTEED ANALYSIS

Crude Protein, minimum	25.00%
Lysine, minimum	2.40%

	1290 Kcal/lb

PRODUCT NOS.

10850515	Case: 4 - 10 lb bags
10850511	25 lb bag

MIXING AND FEEDING INSTRUCTIONS

Litter Life should be mixed by adding one level cup (approximately 4 oz) to one quart of water or 16 oz per gallon of water.

FOR BEST RESULTS:

1. Provide LITTER LIFE milk replacer as a supplement to sow's milk for the first seven days. Mixed LITTER LIFE should be made available to pigs at all times.
2. Feeding equipment must be washed and fresh product provided at least once a day.
3. Pigs should be weaned by weight and age, not age alone. Segregate and wean the stronger, healthier pigs first while leaving the smaller weaker pigs on the sow, supplemented with LITTER LIFE, until they can be competitive at the feeders.

FEEDING ORPHANS, WEAKLINGS, AND EXTRA PIGS FROM LARGE LITTERS:

1. Place pigs in a clean, dry, warm (90° to 95° F) pen out of hearing distance of the sow.
2. Feed pigs LITTER LIFE about four hours after removal from sow. At this time they will be hungry and will readily drink from open containers when product is offered.
3. Provide LITTER LIFE as a replacement to sow's milk for the first 7 days and follow good management practices.

INGREDIENTS

Dried Whey Protein Concentrate, Dried Whey Product, Dried Whey, Animal Plasma, Animal and Vegetable Fat preserved with BHA, Dried Lactose, Lecithin, Dicalcium Phosphate, Magnesium Sulfate, Manganese Sulfate, Ferrous Sulfate, Zinc Sulfate, Cobalt Sulfate, Copper Sulfate, Calcium Iodate, Sodium Selenite, Vitamin A Acetate, d-Activated Animal Sterol (source of Vitamin D3), Vitamin E Supplement, Menadione Dimethylpyrimidinol Bisulfite (source of Vitamin K Activity), Choline Chloride, Riboflavin Supplement, Calcium Pantothenate, Niacin Supplement, Vitamin B12 Supplement, Biotin, Ascorbic Acid, *Yucca Schidigera Extract, Natural and Artificial Flavors.

WARNING:

Discontinue treatment at least 10 days prior to slaughter.

De-Odorase is a trademark of **Altech, Nicholasville, KY*

PACKAGING

Available in 10 lb and 25 lb easy-open bags, with separate heat-sealed poly liners for moisture protection. 10 lb bags are packed 4 per case.

Merrick's Tech Bulletin detailing trial data from the University of Missouri on The Effect of Feeding Milk Replacer on Body Weight Gain is available through Merrick's Sales Office at 1-800-MER-RICK (637-7425).
